

William Jin

I design (almost) everything.

Personal Website: <https://williamjin.design>

Email: williamjinq@outlook.com

Phone: (+86) 18612026660

Education

BUPT (Beijing University of Posts and Telecommunications)

2015 - 2019

Bachelor of Engineering in Industrial Design

Main Courses: Interaction Design, Usability Test, Data Structures, Concept Design, Database, Product System Design, Computer Graphics, Ergonomics

University of Oxford

Summer 2018

Exchange Program

GPA: 91/100

Main Courses: Artificial Intelligence, Numerical Analysis & Image Processing

Machine Learning . Coursera . Stanford

MOOC, Spring 2018

Awards

Red Dot Award 2018: Winner

UXD Award: Top 50

NCDA Award: First Prize (3% of 10000+ works)

National 3D Printing Innovation Competition: Outstanding Winner

Work Experience

IBM Design Studio · Product Design Intern

02 - 06/2019

Designed the structure and interfaces, and made an interactive Hi-Fi prototype for RPA Robot Management Platform; Conducted competitive analysis and designed interfaces for IBM DevOps; Now working on the App design of Intelligent Factory.

Ainnovation · UX Design Intern

09 - 12/2018

Designed the structure and interfaces of Orion AI data training platform. Performed user experience design for smart vending machine, including purchasing process, mini program of Wechat, interface design, and the linkage of the machine door; increased its registration rate.

Tencent · Product Manager Intern

06 - 08/2018

Explored user's demand, distinguished the level for each function zone, and determined the information structure of the platform. Established a B2B platform to make the entire building completely intelligent.

Projects

EZchat

Anxiety and stress: the problems in using social media and targeted redesign.

Pianooooo

The Business Model of Piano Sharing.

Skills

Software

Adobe Suite
Sketch & Principle
Xmind
Xcode
Rhino
Axure
Invision
Cinema 4D

Programming

C#
Swift
Python
Html, Css,
Javascript
